CAREER OBJECTIVE

Aspiring FullStack Developer with a strong foundation in Web Development, Java, Data Structures & Algorithms, and SQL. Seeking an internship opportunity to apply my programming and problem-solving skills while gaining practical industry experience.

WORK EXPERIENCE

Cisco Cybersecurity Virtual Internship • Internship Jun 2026 - Aug 2026
NIIT Foundation, Virtual

- Gained practical knowledge of TCP/IP, networking, cybersecurity fundamentals, and network attacks.
- Worked with concepts related to network security, threats, vulnerabilities, and defensive techniques.
- Completed cybersecurity-focused training and virtual lab activities.

AWS Cloud Computing Virtual Internship • Internship Feb 2026 - Mar 2026
The Smartbridge, Virtual

- Gained hands-on exposure to AWS EC2, Amazon S3, Amazon DynamoDB, and Amazon VPC.
- Developed foundational knowledge of cloud computing, architecture, storage, databases, and networking.
- Gained an understanding of cloud deployment concepts and AWS core services.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science & Engineering 2024 - 2028
Sri Venkateswara College Of Engineering & Technology

CGPA: 8.00/10

Senior Secondary (XII), Intermediate 2024
Science

Narayana Educational Institutions

Percentage: 96.10%

Secondary (X), Ssc 2022
Sai Baba High School

Percentage: 87.60%

TRAININGS / CERTIFICATIONS

Google Generative AI Foundations & Anti Gravity Workshop
Jul 2026

SmartBridge, Chittoor

- Completed the Google Generative AI Foundations & Anti Gravity Workshop, gaining foundational knowledge of Generative AI, LLMs, Prompt Engineering, AI tools, and practical applications of generative AI.

SKILLS

- Java
- HTML 5
- CSS3

- JavaScript
- SQL
- Data Structures

EXTRA CURRICULAR ACTIVITIES

- ○ Participated in coding rounds and college-level programming competitions.
  ○ Volunteered in college activities and events.
  ○ Served as a team leader in college activities.

ADDITIONAL DETAILS

- Solved 100+ programming problems on CodeChef using Java. Actively practice Data Structures & Algorithms and competitive programming.
